# "We Are The Heroes"

Visit "[We Are The Heroes](#)" on MotoLyrics.com

When the night is falling from the sky  
Just keep walking  
On a highway  
When the world is deaf to all your cries  
Just keep going  
You'll be there someday  
You're not alone  
We're against them all  
Hold on to me  
I'll never let you fall  
Even if someday all hope is gone  
I will not give up

Whatever's standing in my way  
We'll make it through the day  
Cause we are the winners  
We are the heroes

We're breaking down the walls  
We're gonna hit them all  
Cause we are believers  
We are the dreamers

No matter what they say  
No matter what they do  
I'll make it alright  
I'll make it for you

We're breaking down the walls  
We are the heroes

As I stand beneath the starry sky  
I just lose  
Faith in gravity  
And it feels like I can learn to fly  
Bring to life

All my fantasies  
You're not alone  
We're against them all  
Hold on to me  
I'll never let you fall  
Even if someday all hope is gone  
I will not give up

Whatever's standing in my way  
We'll make it through the day  
Cause we are the winners  
We are the heroes

We're breaking down the walls  
We're gonna hit them all  
Cause we are believers  
We are the dreamers

No matter what they say  
No matter what they do  
I'll make it alright  
I'll make it for you  
We're breaking down the walls  
We are the heroes
