

## La Sera

### "How Far We've Come Now"

Visit "[How Far We've Come Now](#)" on MotoLyrics.com

Started up with my own eyes  
I decided to leave us behind me  
Can you see how far we've come now?  
Can you see how far we've come now?  
Please don't try and bring us down now  
Can you see how far we've come on our own?  
Even on another try  
And I found out we were not worth saving  
Can you see how far we've come now?  
Can you see how far we've come now?  
Please don't try and bring us down now  
Can you see how far we've come on our own?

Can you see how far we've come now?  
Can you see how far we've come now?  
Please don't try and bring us down now  
Can you see how far we've come on our own?
