Been down yeah!  
Well I look down and my mind blows away  
Deep in the darkness "illuminate"  
Beyond a million miles  
Something slid up to my head  
Circling around [in] my eye - eye - eyes  
And I said, "Smooth operator" sez: Get up - get up and  
outta here,  
Smooth operator sez: Yeah!  
Lights band the traffic thunder two blocks west of the  
rest  
Tore away the bottom and saw life is a test [life is a  
test]  
Beyond 1,000,000 miles  
Well I ricocheted through my head  
One hand kill the other's cra-a-crazy  
What she said - Smooth operator sez: Get up - get up  
and outta here,  
Smooth operator sez...  
Sail into nightghost ship a tripping  
Struck by the plunge something to see - yeah!  
Bootleg the girl - she is a looka  
Pure is the fear that breaks away. [Yeah]  
Straight to the sun I am a walk'n state of the art - all  
that I see  
[Yeah]  
New gods move whipp'n the shore and dash on the  
reef - surf city...  
[Well] I walk alone and stare, man, right in the sun  
[Yeah!] Tear-jerk asylum and cemetery run [cemetery  
run]  
Well, how'd I ever get this far, man?  
Smooth curves switchback the sweat  
Underneath the body, baby - where what you see is  
what you...  
see and...  
What you...  
GET!
