Look at what I've built,
I built it all for you,
In memories of battlescars,
And things that we've been through,
This empire is ours and it will never fall,
Until our dying breaths we'll live,
To fight and keep control,
And though the wisemen say that good things never
last,
I've got faith in you my friend,
You won't stab me in the back,
At least that's what you said,
And in that I believed,
It's running through our veins; forever you and me.

Nothing's 'gonna save you,
Nothing's 'gonna right what you've done wrong,
And I'd never betray you like you did me.

Kill me for my wealth,
Or kill me for my throne,
Or kill me for the power that I fought for years before,
Or kill me 'cause you hate,
Or kill me out of spite,
Or kill me when my back is turned,
Lie then take my life,
I never thought you would,
I never thought you could,
How can you make me bleed and be my friend at the
same time?
Look at what you stole,
You stole it all from me,
I'm lying six feet under now; forever you, not me.

Nothing's 'gonna save you,
Nothing's 'gonna right what you've done wrong,
And I'd never betray you like you did me.

Who needs enemies when I've got you?

I'll live on while you burn out.

I'll live on while you burn out.
I'll live on while you burn out.
I'LL LIVE ON WHILE YOU BURN OUT!

Who needs enemies when I've got you? / I'LL LIVE ON
WHILE YOU BURN OUT...

I've fallen and I can't get up, (Who...)
The curtain's closed, the window's shut, (Needs...)
I'm feeling like a river run dry, (Enemies...)
You spoke to me and as you stabbed, (When I've...)
You said I'd never understand the reasons why I had to
die. (Got you...)
