(Verse #1)

Yesterday, so full of pride and no sense of time,
No more dark clouds floating in my way,
Too happy to say anything,
And there she was as beautiful as can be,
And a garden of roses as far as I can see.

(Chorus)

So when I tried to call you the other day,
Did you even know about the scars you put in my way,
And when I tried to open up and let you know,
Your separate life got in the way of anything I could
show,
There goes another game that you played,
And all I have left to show is another wasted day.

(Verse #2)

Two weeks ago you didn't know my name,
I had a picture of your face in my head,
I took your hand, felt it in mine,
And my heart got swept away suddenly lost in time,
And there she was as sexy as can be,
But how was I to know that this girl would be the end of
me?

(Repeat Chorus Until Ending)
