She was beautiful,
Waking everyday,
Singing songs to me,
"Don't worry anymore".
More than just a sound,
She's been out of reach,
As soon as I feel fine,
She comes running back to me.

She'll push me down,
She'll pick me up,
She's there to light another up,
She wants my pain to fall from the ashes of her tool,
She wants my pain,
She wants my pride,
I have nothing left inside to ever give to her.

And she said, "light me up and take me in,
Forget your worries,
Just give in,
No one has to know that we are friends",
She said, "take a hit of this new drug,
Forget your fears and light me up,
'Cause you know now that this will drown in sorrow,
But you'll feel fine tomorrow."

I was so alive,
Wanting something new,
She spoke soft to me,
"I won't let you choose".
Feels so good to breathe,
Ever close to you,
Leave me now forever,
I knew you'd never lose.

She'll push me down,
She'll pick me up,
She's there to light another up,
She wants my pain to fall from the ashes of her tool,
She wants my pain,
She wants my pride,

I have nothing left inside to ever give to her.

And she said, "light me up and take me in,
Forget your worries,
Just give in,
No one has to know that we are friends",
She said, "take a hit of this new drug,
Forget your fears and light me up,
'Cause you know now that this will drown in sorrow,
But you'll feel fine tomorrow."
