[Intro]

Yeah...

I feel like a... new motherfucker, man

Alright, let's get the dust off

Let's get back to work

Stretch

Nickel

[Verse 1]

Yeah - I said victory, defeat - parallel feelings

Getting rich, friends trip, farewell bid 'em

You go against me you won't fare well

I'll leave your ass bleedin' in the stairwell

Turn you to the "the" between the "where hell"

Is he, like the cologne that I spray on him?

Emerald, my stones so clean they lookin' sterile

I'm so major, that when I pass, treat these last flows
like the last scroll

Auction off these last known pages

Stuck in my own ways, makin' asshole wages

Username is passcode vegas

It's nickel, nigga, you can keep your little two cents

No longer the patron enthusiast, on to a new blueprint

I feel like zonin', find the headphones and spew it for
my own amusement

Until it's tool time, I ain't use it for home
improvement

And I don't have to know magic, bruh

I'm wavin' this ratchet like abracadabra

That's a cadaverer, and only god to witness our
resemblance

My guys relentless, ridin' like mogwais inside the
gremlin

Designer rifles out the window, you ain't seen this
heat

Banana clips see-through, lookin' like ballerina feet

Got your entire age-range on my dick

It's nothin' to put your little stage name on my list

I took a little break to make some plans in my life

I never thought I'd see the day that I'd put hands on
my wife, but

That's another story, perhaps another chapter
In the book written autobiographic by a warrior
Another story of a good guy whose eyelids are drunken
shut
Getting' fucked up so much, you don't know what
the fuck is up
Watchin' world star, clutchin' a cup
Right after givin' a side chick a bus driver uppercut
But that's another story
I'm just gettin' the dust off
Slaughterhouse
Goodbye...
