Yeah, yeah, M.I.C., yeah, yeah

My arms are heavy, knees weak, palms are sweaty  
Niggaz wanna see me gone already  
From this song on to song, you 'bout to be swept away  
Yesterday is long gone

I took some time to redefine my style  
I kept my cool, summers behind the clouds  
You lames can't put me in the same category as a  
rookie  
Nope, my name ain't new

Rappers can't push me as high as I can  
Push myself, you not inspirin'  
The stolen spot is open, I chose to not listen  
And I don't even know what's hot or we dissin'

Or who's consistent, who's nice or not  
Who's on top, or who's wife is sniffin'  
Or who's meltin', soon to be failin'  
All I know is the way the streets felt 'bout boom

Regardless, nigga pump yo brakes  
Ya car is movin' fast, we will lump your face  
Regardless, me and Cash'll come  
And take yo ass away far, nigga don't play

Regardless, the M.I.C.  
We kickin' ass and takin' names you can't ID  
Regardless, me and Dre is comin'  
Out to play wit' you today, it's curfew

D-Elite, we comin' wit the lightin' and thunder  
Under the rain, to pump it you need a jeep  
You need at least some speakers while ya glued to ya  
seat  
And cruisin', while I creep through ya system

I'm gon' be heard as God is my word  
Deliverin' the kind of murder Koch don't deserve  
The real will cop it, every label in the world

Look out for me, I will kill yo roster

I will shut this shit down  
And on top of that I could fuck your bitch now  
It's hard to believe that Columbia couldn't market me  
To do numbers like D-12 at least

I played myself for radio play  
I never dance but the skill itself is a second chance  
I'm back wit two's by me, start the beef  
I'm 'bout to part these streets like Bruce Almighty

Regardless, nigga pump yo brakes  
Ya car is movin' fast, we will lump your face  
Regardless, me and Cash'll come  
And take yo ass away far, nigga don't play

Regardless, the M.I.C.  
We kickin' ass and takin' names you can't ID  
Regardless, me and Dre is comin'  
Out to play wit' you today, it's curfew
