[chorus]:2x

Take me away, from all the pressures of living today  
and save me i feel so low  
I don't wanna live, when you appear take my soul,just  
go, i wanna come go

Take me away from all the pressures of living today  
and save me i feel so low  
I don't wanna live, when you appear take my soul,just  
go, i wanna come go  
I don't wanna live

[verse 1]

Rather actin then clappin'  
Attackin' rappers it happens to happens it happens  
I wanna(take my own life)  
Something that goes on inside of my head  
Cuz im only delived till im dead  
(that competes a day)  
Keep the gun with me cocked humble my squad  
Nobody knows my number ,but god  
And homie(in a short time)  
Even a paradise is a heaven the dice is a seven you'll  
eternally burn  
Maybe(this is how it goes)  
I think you need to wake up  
You only here just to take space up  
You make it as you break up(and it so real)  
Doom!!  
If you been to a funeral before you felt the grim reaper  
in the room  
(cuz death comes a day)  
Yes, you can only guess, which one of you next(which  
ones goin be)  
But(could it be me)  
Maybe but you don't think about it though till them  
waitress replaced by daisies

[chorus]2x

Take me away, from all the pressures of living today  
and save me i feel so low  
I don't wanna live, when you appear take me soul, just  
go, i wanna come go

Take me away, from all the pressures of living today  
and save me i feel so low  
I don't wanna live when you appear take my soul, just  
go, i wanna come go  
(sometimes i wanna cry)

[verse 2]

Askin myself why? is it the fake niggas collide  
Real niggas defy, but (it should be the other way)  
Dog, i feel you,  
Don't let em' get to you,  
I love you, and you know who you are (can you tell me  
the game)  
I just hope you use your soldiers wisely  
Cuz likely the truth will come out in the ending (and  
when is it that time)  
We break bread reflect back  
Chill with the lord and wait for the next pack (for more  
hungry mc's)  
The new breeze climbin these trees  
Singin the deeds, ya'll remind me of me, ha (cuz this is  
your life)  
Yeah, soul is sellin your whole intelligent mode  
Is exposed to the devil, yeah (and when you look back)  
You never get to look back flow a hook back  
It's over yo he took that, but (he can take me)  
Im right here  
Thought i was chasing a dream, shit i was chasin a  
nightmare

[chorus]2x

Take me away, from all the pressures of living today  
and save me i feel so low  
I don't wanna live, when you appear take my soul, just  
go, i wanna come go

Take me away, from all the pressures of living today  
and save me i feel so low  
I don't wanna live, when you appear take my soul, just  
go, i wanna come go
