Always you, always me
Us together eternally
Never blue ,always true
Always me, always you.

We found a piece of heaven
On the ground
And it's anchored on the rock
Of love that sound.

So let this crazy world
Keep turnin' 'round
Searchin' for somethin'
That we've already found.

Always you, always me
Us together eternally
Never blue ,always true
Always me, always you.

Always you, always me
Us together eternally
Never blue ,always true
Always me, always you...
