Way down in Columbus G-e-o-r-g-i-a wanna be back in
Tennessee
Way down in Columbus Stockade all of my friends have
turned their backs on me
Go on and leave me if you wish to and never let me
cross your mind
In your heart you love another well leave me little
darling I don't mind
[ac.guitar]
Last night as I lay sleeping I dreamed that you were in
my arms
Then I found I was mistaken I was peeping through the
bars
So go on and leave me if you wish to...
Go on and leave me little darling I don't mind
Why don't you leave me little darling I don't mind
