"If The Whole World Stopped Lovin'"

Visit "[If The Whole World Stopped Lovin'](#)" on MotoLyrics.com

If the whole world stopped lovin' the way you stopped
lovin' me

Have you ever stopped to wonder what kind of place
this would be

If the whole world stopped lovin' the way you stopped
lovin' me

If every heart was broken the way that you broke my
own

And the whole world stopped lovin' how long would
living go on

Hear the church bells in the steeple as they ring their
song through the air

If the whole world stopped lovin' there'd be no steeple
bells there

The tears would fill the river till the rivers flooded the
sea

If the whole world stopped lovin' the way you stopped
lovin' me

If the whole world stopped lovin' the way you stopped
lovin' me
