(Vic McAlpin - Roy Drusky)

A stepping stone that's all I am to you  
Just to go between while you find someone new  
How could I love another when it's through  
I'm so helpless every time I'm holding you.

I'm so helpless every time I'm holding you  
I can't help it that I feel the way I do  
I wish I didn't love you but I do  
I'm so helpless every time I'm holding you.

--- Instrumental ---

I'm so helpless every time I'm holding you  
I can't help it that I feel the way I do  
I wish I didn't love you but I do  
I'm so helpless every time I'm holding you...
