Talk about good times hmm I've had some talk about
mem'ries hmm we've made some
Think about him alone with you think about times I've
been there too
Talk about heartaches hmm I've got some

I've got some of everything that makes a heart feel sad
I've got none of anything that makes a heart feel glad
Talk about heartaches hmm I've got some talk about
teardrops hmm I've cried some
Think about you with someone new doing things we
used to do
Talk about heartaches hmm I've got some
[guitar]
I've got some of everything that makes a heart feel sad
I've got none of anything that makes a heart feel glad
Talk about good times...
