(Roy Drusky - Lester Vanadore - Dave Dudley)

Wait and see what it means to live in sorrow
Wait and see what loneliness can be
What it's like to lose the only things that matters
There'll come a day wait and see.

Wait and see how it is with no tomorrow
Wait and see then I know you'll agree
How it feels to be alone and broken hearted
There'll come a day wait and see.

I hope someone will say to you
I've found another love
Then you'll know what I've gone through
And what I'm thinking of.

Wait and see what it feels like to stop living
Wait and see what you have done to me
What it's like when all your dreams are shattered
There'll come a day wait and see.

--- Instrumental ---

I hope someone will say to you
I've found another love
Then you'll know what I've gone through
And what I'm thinking of.

Wait and see what it feels like to stop living
Wait and see what you have done to me
What it's like when all your dreams are shattered
There'll come a day wait and see.

There'll come a day wait and see
Wait and see, wait and see...
