I love you all the summer through
I thought I found my dream with you
For me you were the one
That was yesterday and yesterday's gone

We walked together hand in hand
'Cross miles and miles of golden strand
But now it's over and done
That was yesterday and yesterday's gone

We had such happiness together
I can't believe it's gone forever
Wait till summer comes again
I hope that you'll remember when

Our love had just begun
I loved you yesterday and yesterday's gone

We had such happiness together
I can't believe it's gone forever
Wait till summer comes again
I hope that you'll remember when
