(Sample of Jigga's "bounce" and "bitch" in background)

Big Kap

Flex

Drop a bomb on y'all

Uhh

[Lady Luck]

You can catch Luck in the dice game

Tearin the block up

I don't stop bank I close account stock up

Spend the whole advance and both hands get it rocked up

Street lookin like a track meet when I pop up

How these broads gonna stop Luck

Without glocks up

Run in the club barefooted throwin five shots up

Niggas wanna bounce , tell em bounce , throw your ox up

You just buck oh five and act like you want some

[Jinx Da Juvy]

Ay yo you can catch me in the hood with Papi

Tryin to cop grands

Screw a dirtbike I'm tryin na cop me a land

I'm a gorilla nigga feed me black banannas

Might catch me blacked down with a black bandanna

With the 5th choked out

In a Benz with the rims poked out

Or in a truck with Luck gettin smoked out

I'm tryin not to blast this cat

But y'all hatin on again so I'ma spaz on Funkmaster

Flex

CHORUS:

[Jigga's sample and Big Kap]

Bounce

Dummies I'm dumpin dum dums on when I clap out
Alotta niggas rap thug but never pull gats out
Shit I'm from the street lay the strip with the jacks out
Who want the coke price whenever I ran up in the

[Lady Luck]

Flow kind of sick you gotta get cop one
Niggas talk slick only when the cops come
That's when I come through and scrape yo' ass

Claim to be a thug nigga won't you blast su-um
