Stay until two, you're in my view
I see you, see me looking at you
And all I want, is to never end the song
So I can stay close to you

You send me so high, in just one night
I wanna take you higher

No one here can compare

One touch...I wanna feel
Feel it all over me
Coz I'm going under
Deep, deep under the sea
Coz I want you now
I'm gonna show you how

I'm gonna show you how
I'm gonna show you how
I'm gonna show you how
I'm gonna show you how
I'm gonna show you how

Nothing else can replace
All these feelings I have for you
I wanna take you on a ride
Deep inside, a world dedicated to you
You send me so high
In just one night
I wanna take you higher
No one, here can compare

One touch, I wanna feel
Feel it all over me
Coz I'm going under
Deep, deep under the sea
Coz I want you now
I'm gonna show you how

I'm gonna show you how
I'm gonna show you how
I'm gonna show you how

I'm gonna show you how

One touch, I wanna feel
Feel it all over me
Coz I'm going under
Deep, deep under the sea
Coz I want you now
I'm gonna show you how
