On a scale from straight to gay, I guess I'm a perfect bi.
All the bigots of this world could never make me deny
What I feel, when I see a great ass and a pair of
Shinning eyes.

If I believed in God, I'm sure I'd have a seat in
Paradise for being straight with myself.

For God doesn't care who you love, as long as you lvoe.
And by the way. God only loves God so I'll love how I

Choose to. If you tell me I'm just a heaten hedonist, I
Will tell you I think we're not hedonist enough.

Without desire we fill our lives with nothing.
So much to win. So little to lose. 1, 2, 3, 4, 5, 6, 7,
8, it goes on and on and 1, 2, 3, 4, 5, 6, 7, 8, our
Numbers grow.

Look me in the eyes, tell me you don't want it. My days
Of patience are over.
