I get up and I walk across the room  
I get to the door - I've been there before  
Wondering what I got up for  
When all of a certain I remember  
What I was going to say to you  
Standing there watching my member  
Hanging there squirting the loo  
I'm really stoned  
I'm really stoned  
Permanently out my bone  
I'm really stoned  
I sit down on the phone I get the urge  
To dump yesterday, flush it away  
I hope the force is still with me  
When sure enough the door flies off it's hinges  
And there stands P.C. Bill Identikit  
Saying "I've got trouble finding where I'm going  
"Coz my backside is very badly lit  
"Hello, hello, hello  
"My bloody head no longer seems to fit  
"Hello, hello, hello  
"And you're under arrest...  
...and...'ello?"  
I'm really stoned  
I'm really stoned  
Permanently out my bone  
I'm really stoned  
So come on, let go  
Let your feelings show  
There's something inside you  
The person beside you really needs to know  
Come on, change your mind  
You never know what you might find  
Break out the rizlas  
And roll up a place to unwind  
Well you can bust me once  
You can bust me twice  
But you'd have to top me  
To finally stop me from loading my dice  
'Coz I'm really stoned  
I'm really stoned

Permanently out my bone  
I'm really stoned
