I've loved you  
You've loved me  
Just for one split second  
In a universe of chance  
It was all we could be  
I hold you  
You hold me  
Underneath the stars  
And spinning never quite free  
Through all the trials and tribulations  
Here in Mushroom Valley in the sun  
Hold tight darling - here we go  
The trip has hardly begun  
Higher and higher  
Drawn to the flames  
Till the spirit  
Metaphysic  
Turns the lights out on the games  
Dear Water World  
Is there any blame  
If your sons and daughters  
Did away with living quarters  
And any other bridges that came  
Especially  
When we all can see  
Compassion in a plum tree  
And a place alongside Heaven  
For the truest, truest anarchy  
Through all the trials and tribulations  
Here in Mushroom Valley in the sun  
Hold tight darling - here we go  
The trip has hardly begun  
Higher and higher  
Drawn to the flames  
Till the spirit  
Metaphysic  
Turns the lights out on the games
