Seems to me you ain't coming back
That's all right
Still got my mind
Facing up to the facts is what I gotta do
But how hard it is
Missing you

Anybody see me cry
That's all right
Ain't gonna die
Facing up to the facts, find somebody new
But how hard it is
Loving you

I guess I should believe it's true
But I keep on loving you
I guess I should stop wondering why
Sure, I'll keep my head up high

It's all right
Birds sing 'till they die
No matter what happens, keep on flying high
That's all right
If you say we're through
What you don't wanna hear is hard to listen to

Seems to me, you don't give a damn
That's all right
I can handle the spite
Facing up to the facts is what I gotta do
But how hard it is
Missing you

Anybody see me cry
That's all right
Ain't gonna die
Facing up to the facts, find somebody new
But how hard it is
Loving you

I guess I should believe it's true

But I keep on loving you
I guess I should stop wondering why
Sure, I'll keep my head up high

It's all right
Birds sing 'till they die
No matter what happens, keep on flying high
That's all right
If you say we're through
What you don't wanna hear is hard to listen to [x2]

It's all right [x2]

I know you ain't coming back [x10]

It's all right
Birds sing 'till they die
No matter what happens, keep on flying high
