Damn, Damn, where did all the magic go?  
I stood by your side, and told u anything u had to know,  
But now I've had it though, me and u were hella close,  
Distance got the best of us, & so did all those other  
hoes  
Guess that's how it goes, ups and down, HI and low,  
Haven't seen u in a minute where have u been hiding  
though?  
Man, well I don't know, you're probably getting high,  
Or maybe living life, while I'm here passing u by...  
My back is hurting but it's probably just that knife,  
That u left in my back, when u stabbed me fuckin twice,  
Anyways, I still feel like I'm here for u,  
I call u all the time, but I don't ever even hear from you,  
I hope you're hearing me, man, I hope it's killing you,  
Because it's killing me, I feel the misery,  
No point in living with out u cause I feel incomplete,  
But all I WANT is u, I got the things I NEED,  
I'm fucking falling and no one is there to catch me,  
Am I the only one just sitting here, UNhappy?  
I hear you're dating now, you're going out with Stacy,  
But I don't give a fuck cause she ain't ever gon' replace  
me!  
She talks a lot of shit about me on the daily,  
But all the things she's saying, can never phase me,  
Do u blame me? for being so amazing?  
5 years passed, and we both been changing...

I wonder sometimes, I wonder if we, would get back  
together again,  
Trying to get u off my mind, but u appear in my  
dreams,  
We break up, then makeup, we fight all the time, so  
what good would it be?  
U tell me, u want me but, but I know the shit u say, u  
don't mean...  
All I want is you...  
All I want is youuuu... yeahh  
All I want is youu nowwww...  
But now that your gone,  
I'm broken...

All I want is you...  
All I want is youuuu... yeahh  
All I want is youu nowwww...  
But now that your gone,  
I'm broken...
