[Feat. Latin Boi]

Now you wanna tell me bye

All I wanna do is be with you
You're slowly passing me by
Na na na na na na
Now you wanna tell me bye

All I wanna do is be with you
You're slowly passing me by
Na na na na na na
Now you wanna tell me bye

You said you loved me but you didn't I hate to break up
It don't matter what you did now it's time to wake up
In reality was a dream that's all it really was
This love for you I had
This love for you I lost
Had all these precious moments for you it was just
games
This sunshine that we had it turned out to be rain
After all what you did was just so wrong
All these thoughts all this pain is what I put into this
song
Let's forget how we use to really love each other
A kiss from your lips
A smile from one another
It's all gone now I'm a miss you that's no lie
It hurts me to say goodbye
Goodbye

All I wanna do is be with you
You're slowly passing me by
Na na na na na na
Now you wanna tell me bye

All I wanna do is be with you
You're slowly passing me by
Na na na na na na
Now you wanna tell me bye

You were so special to me
I felt so lucky to be
The one to hold you in my arms
To love you endlessly
Walk to the park with me after dark
Telling you forever but never be apart
I put my trust in you
You put your trust in me
The promise that was packed was broken easily
It wasn't only once I'm a fool I forgave
But fools fall in love
My life I would have gave
I told you if you lose me you'd lose a good thing
But you didn't take my love so seriously
You did me wrong for so long and now I'm gone
May this song be the one that will change you for
someone else

All I wanna do is be with you
You're slowly passing me by
Na na na na na na
Now you wanna tell me bye

All I wanna do is be with you
You're slowly passing me by
Na na na na na na
Now you wanna tell me bye

They say you don't know what you got until you lose it
The truth is I did you wrong cause I was just foolish and
stupid
And now I can't even concentrate I'm going crazy
It's tearing up my world knowing I won't be your lady
I hurt you and I'm sorry
Didn't know what I was doing
People make mistakes can't blame myself for being
human
It wasn't my intension I'm sorry
I was stressing
The good times that we had got me stuck here
reminiscing
If it was up to me I'd take you back in an instant
But by the looks of things we are slowly becoming
distant
Don't tell me that you need me
Please don't say goodbye
The truth is your the only guy I need in my life

All I wanna do is be with you
You're slowly passing me by

Na na na na na na
Now you wanna tell me bye

All I wanna do is be with you
You're slowly passing me by
Na na na na na na
Now you wanna tell me bye
