It's late in the night, dancing is done  
The music has died, you're ready to run

But you don't have a clue  
This party hasn't ended yet not for me and you  
Now you're just pretending

You're hiding from yourself  
Yes you are, yes you are  
Like golden rays of sun in the cloud

We're meant to be one, I know we are  
If I am the sky then you are my star

Hey, you don't have a clue  
This party never ended not for me and you

I know you're just pretending

You're hiding from yourself  
Yes you are, yes you are  
Like golden rays of sun in the cloud

I will make you see  
Haven't you got, haven't you got it yet?  
Just lay down for a while next to me

Didn't mean to make you panic  
I didn't mean to put you off  
Baby it's the way that you've got me

I listen to my heart and it takes you high  
And you ask me how, can I show you how?  
I need your love right now, now, now
