I've watched the gold in your hair turn silver  
And the sparkle in your eyes dim more each day  
And the clutch of your hands getting weaker  
All these things say it wasn't yesterday

So darlin', Happy Anniversary  
You've made my life for me  
Once again, thanks for the memory  
My darlin', Happy Anniversary

The paper we signed has turned yellow  
Its crumbling edges tend to tell its age  
Its meaning we will cherish forever  
But in the book of our lives, it's just a page

So darlin', Happy Anniversary  
You've made my life for me  
Once again, thanks for the memory  
My darlin', Happy Anniversary  
My darlin', Happy Anniversary
