I lost a love that would last forever, it was a love
beyond compare
I lost my way along life's highway, how did I get here
from there
How'd I miss those signs of warning, I took a turn it
wasn't right
How'd I end up on this detour, on this cold and lonely
night

Down the road with no horizon, I'm walking it all alone
The saddest part about it all, is that it will not bring me
home
Will not for it can not be, to keep this pilgrim safe from
harm
Because the holy grail I'm seeking is, my lost home in
your arms

Chorus

In your arms, in your arms sweet darlin', I was safe and
I was warm
Like a shelter like a refuge, my lost home in your arms

So I stumbled down this highway, down the road
without an end
I can not keep from hoping, for some relief around the
bend
For my release from all this sadness, is a haven safe
from harm
For the love my soul keeps mourning, my lost home in
your arms

Chorus x2
