"My Dear"

My dear,
Why is it that you only do the things
You know I wouldn't want you to?
I know I'll never have you,
But that doesn't mean
That I still won't try.

My dear,
Why is it that you only do the things
You know I wouldn't want you to?
I'm beginning to rethink
That look that I saw in your eyes.

[Chorus]
But, in the end,
I find
That all the things
That I have tried to leave behind
Are really just burning holes
Through the pages in my memories...
My memories...

My dear,
The air is thickening in here.
We're so many unsaid words
From being in the clear,
But I know from loving you
That those will always be
The ones you're hiding from.

My dear,
It seems we have this conversation
Most every single day with little variation.
My heart is asking questions
That I know you'll never have the answers for.

[Chorus]
