It's your boy lahtuneday...
Motungbe tuntun de

I try to make you understand but you don't
Listen to the sound of my voice
'Cos you say that I am old school
Don't mean I don't knw what's right or wrong
All the values mama taught you, you don't cherish
anymore
I just wonder what's the culture in the place where you
belong
Girl you're beautiful
You touch my body and soul
Though some other guys are tripping
Girl you know what I need

CHORUS

Omo to ko nile to gbeko ni mo fefe sile
Eese sisi ti o mebeta, ti o mofero
Omo ti mafe sile gbodo le ba mi tole
Olobe loloko, oniwa loloko

VERSE 2

She tried to make me fall in love but you know
I wouldn't fall in love with a gurl
Who's so rude and very dirty
She wont make me happy, you know
All the values mama taught her, she don't cherish
anymore
I just wonder what's the culture in the place where you
belong
If her man aint spending money, she wont love him
anymore
Said she's willing to goo
I said girl hit the road
When I heard she's getting married I just laughed and
said

CHORUS

Omo to ko nile to gbeko ni mo fefe sile
Eese sisi ti o mebeta, ti o mofero

Omo ti mafe sile gbodo le ba mi tole
Olobe loloko, oniwa loloko

BRIDGE

This for all the girls who do it ryt
And for those ladies who knows how to treat her man
We appreciate
How elevate us
So we celebrate
All the values that you show

CHORUS

Omo to ko nile to gbeko ni mo fefe sile
Eese sisi ti o mebeta, ti o mofero
Omo ti mafe sile gbodo le ba mi tole
Olobe loloko, oniwa loloko
