The summer, the summer
The summer, the summer

Hello to your mother, your brother, significant other
I am the summertime and I'm here to free your mind
Kick off your shoes, the blues and use anything but
your mind
'Cause this is the summertime and it's here to free your
mind

How many other people can you save today?
Don't you think, it's high time that you sail away?
Leave today, don't fall behind

Try something new, turn into you, if only for a short
time
And feel your head recline
Kick off your shoes, the blues and use anything but
your mind
'Cause this is the summertime

How many other people can you save today?
Don't you think, it's high time that you sail away?
Leave today, don't fall behind

Hello to your mother, your brother, significant other
I am the summertime and I'm here to free your mind

How many other people can you save today?
But don't you think, it's high time that you sail away?
Leave today, don't fall behind

Hello to your mother, your brother, significant other
I am the summertime and I'm here to free your mind
I am the summertime and I'm here to free your mind,
go

Hello to your mother, your brother, significant other
I am the summertime
Hello to your mother, your brother, significant other
I am the summertime

(I am the summertime, I am the summertime)
The summer, the summer
The summer, the summer
The summer, the summer
(I am the summertime)
The summer, the summer
The summertime
