Love hurt me - For better or worse I'll be here
(Cause you're the beauty, a beauty I'm the beast)
Love hurt me - My heart will engulf yours my dear
Love hurt me - The walls of temptation grow higher
Love hurt me - We're risking it all for destruction and desire

No way out and no way back
A bride in white a dress so red
No I will never let you go
Oh I will never let you
I will never let you go

Love hurt me - A gloss on your lips as you leave
Love hurt me - I'm saving the rest of your blood red sweat for me

No way out and no way back
A bride in white a dress so red
No I will never let you go
Oh I will never let you
I will never let you go

Don't leave your vow unspoken
Now that I step into the light
Just take my true love token
Hold me and kiss me goodbye

No way out and no way back
A bride in white a man in black
No I just couldn't let you go
Oh I will never let you
I will never let you go
