When the full moon's rising and I hear him call
I'm gonna cut my wings and fall

How did you fall from heaven,
O morning star, son of the dawn
Cast down to the ground
And you said in your heart

You will ascend and raise your throne on tears of stone
I harbour iron will under my skin
And I gave birth to you out of the sin

When the full moon's rising and I hear him call
I'm gonna cut my wings and fall and fall and fall
When my bones are tumbling from the sky so high
I'm gonna break the chain and fly

You were brought down to the grave
A perfect place right in the sun
Forever lasting doom
And when the sun is low one can see a falling star
Beside the moon
