I walk this empty road
I'm leaving tomorrow and live for today
I am about to implode
When the void will take me away
Till death us do part
I wanna keep the pain alive
Till death us do part
When I'm dying in you're arms, in you're arms

When I don't feel your hand
There's still two pairs of footprints in the sand
I never know, no I never know,
What you ever know, what you never say
No I never know what you never say
It will take me away
Till death us do part
I wanna keep the pain alive
Till death us do part
When I'm dying in you're arms
Till death us do part
I wanna keep the pain alive
Till death us do part
When you're dying in my arms, in my arms

I never know, no I never know,
What you ever know, what you never say
No I never know what you never say
It will take me away
Till death us do part
I wanna keep the pain alive
Till death us do part
When I'm dying in you're arms
Till death us do part
When you're dying in my arms

Till death us do part
I wanna keep the pain alive
Till death us do part
when we're dying in our arms, in our arms
