### "When The Bombs Are Falling"

When the bombs are falling  
Down the earth is breaking  
Bullets cut the air around  
My head is shaking  
Splinters all around  
The air is burning  
I see blood, bones, guts, skin  
Faith, love, devastated

Body parts are shredding  
Fire storms are raging  
Shrapnels tear our souls apart

We're overtaking  
Love with hate and death  
Explosions take our breath  
We're blind, deaf, black, cold  
Never be the same again

No one survived  
Am I the only one who's left?  
Nobody is alive  
Am I the only one to crawl back home?
