The last kiss
that I placed on your lips
I can still feel
You gave me a hug
and with a sad face
you told me goodbye
I couldn't contain myself
and when I saw you cry
I started to cry
and years have gone by
many, many years
and I don't know where you are

I don't know if they were yours
I don't know if they were mine
I tasted tears
Bitter tears
that dampened my lips
when I kissed you

and in a broken voice
you told me goodbye
and I wanted to go mad
I went on my way
years went by
and I never forgot you
I went on my way
years went by
and I never forgot you

Chorus:
What happened, happened
and I never forgot you
I shed tears
Life is not the color of roses

(Repeat Chorus)

The last kiss
that I placed on your lips
I can still feel
and when you said goodbye
I had to cry
and I continue crying
continue crying

(Repeat Chorus)

And continue!

The truth is that this
is starting to get serious
Play it, Sergio
And continue, continue, continue it!

Pepn

What happened, happened
Life is not the color of roses
I went on my way
how bitter my destiny became
Where could you be
Life is not the color of roses
Not the color of roses, no

What happened, happened
Life is not the color of roses
Years went by
many, many years
and I'm still loving you
Life is not the color of roses

JOJOMA!

I shed tears
I cried, I cried
I cried
I tell you, I cried, girl
I shed tears

eh, eh, eh, eh, eh, eh, eh

I cried
I shed tears
I cried
I shed tears
