I have never seen an angel standing oh so close to me  
I have never touched someone and felt so electricity  
I am taken over by the endless possibilities  
And I'm waiting for the day you say that you belong to  
me  
I swear  
No one will ever love you better  
I swear  
We could be so good together

[Chorus:]

I never wanted anyone the way I want you (baby)  
I never met someone who gives me everything you do  
I swear  
If I'm with you there's no other  
I swear  
There will never be another

Cause of you there are more reasons to be thankful  
everyday  
Cause of you I'm reminded of the chances I should  
take  
It's the comfort of your warm embrace that shelters all  
the rain  
And there's nothing I wouldn't give for you to feel the  
same  
I swear  
No one will ever love you better  
I swear  
We could be so good together

[Repeat Chorus]

Somewhere, Somehow you appeared  
And everything's so different now  
When you're around  
The promise of all we could be  
Is what keeps me going now  
I'm never down

[Repeat Chorus (x's 4)]
