All my life
I've followed signs
On many a road

Tried to find
What was right
And do what I'm told

But sometimes
You cross the line
And never can go back home

I've been here
And I've been there
Always on the go

Looking for
Something more
To call my own

Up to now
I have found
That life as a whole was cold

'Cause I've never belonged

[Chorus:]
I wanna be free
And live without warning
I wanna finally see
What it's like on the other side
I wanna be free
'Cause a new day is dawning
I wanna be me
I wanna show the world I'm alive

Who's to say
I need change
And I am not what I'm not

Look at me

And what you see
Has been through alot

Now it's time
For me to find
What love's really all about
And all that I've lived without

[Repeat Chorus]
