Que pretendes
adueandote de todo
confundiendo el mundo entero
engaando quien te quiere sin razn

Que pretendes
Si has dejado en cada paso
una huella que envenena
una hoguera que _____ vivir

Porque sientes tanto miedo
si al telefono voy yo
porque me oyes cada rato
cerca de la habitacin

Casi puedo imaginar
tu sonrisa igual que ayer
tus caricias
mi manera de perder

Necesito amarte ms y ms
necesito amarte hasta el final
vuelvo a creer
que no hay razn
para dudar de ti

y necesito amarte ms y ms
necesito amarte hasta el final
ms yo no s que puedo hacer
me acostumbraste a ti

Que pretendes
ocultandome un pavelo
lagrimas que irn al suelo
como todo lo que yo te he dado a ti

Que pretendes
ese perfume de tu cuerpo
tiene aroma de otro cuerpo
si me callo es por temor
por Dios que s

Porque sientes tanto miedo
si al telefono voy yo
porque me oyes cada rato
cerca de la habitacin

No eres tierna como ayer
no eres ms que una mujer
confundida en las caricias
de otra piel

Necesito amarte ms y ms
necesito amarte hasta el final
ms yo no se que puedo hacer
para dudar de ti

Necesito amarte ms y ms
necesito amarte hasta el final
ms yo no se que puedo hacer
me acostumbraste a ti

Ay, necesito amarte ms y ms
amarte ms y ms
amarte no puedo un poquito
te amar de Nueva York a Puerto Rico

Ay, necesito amarte ms y ms
amarte ms y ms
amarte ms y ms
no pretendas
que no me quieres
no pretendas
se que me amas, nena

Necesito amarte (Repeat 7x)

Tu manera de acariciarme
me rompe el coco
me tiene loco

Necesito amarte
te prometo
un amor con furia
muy lentamente
y poco a poco

Necesito amarte
tu manera de amar, tu ves
y de tu amor
me acostumbr
Necesito amarte
necesito amarte ms, nena

Necesito amarte (repeat 3x)

What are you pretending
possessing everything for you
confusing the entire world
deceiving the one who loves you
without reason

What are you pretending
If you've left with every step
a footprint that can poison

Why do you have so much fear
if I go toward the phone
why do you listen all the time
from the other room

I can almost imagine
your smile like yesterday
your caresses
my manner of loss

I need to love you more and more
I need to love you until the end
I still believe
that there's no reason
for me to doubt in you

I need to love you more and more
I need to love you until the end
plus I don't know what I can do
you've accustomed me to you

What are you pretending
hiding a handkerchief from me
tears that will fall to the floor
like everything I've given you

What are you pretending
that perfume on your body
has an aroma from another body
if I'm silent it's from fear
I swear to God it is

Why do you have so much fear
if I go toward the phone
why do you listen all the time
from the other room

You aren't sweet like yesterday
you are only a woman
confused in the caresses
of another touch

I need to love you more and more
I need to love you until the end
plus I don't know what I can do
for me to doubt in you

I need to love you more and more
I need to love you until the end
plus I don't know what I can do
you've accustomed me to you

Oh, I need to love you more and more
to love you more and more
to love you I can't just a little
I'll love you from NY to Puerto Rico

Oh, I need to love you more and more
to love you more and more
to love you more and more
don't pretend that you don't love me
don't pretend I know you love me, girl

I need to love you (Repeat 7x)

Your manner of caressing me
puzzles my mind
it makes me crazy

I need to love you
I promise you
a love with fury
very slowly
and little by little

I need to love you
the manner in which you love, you see
and of your love
I got accustomed to

I need to love you
I need to love you more, girl

I need to love you (repeat 3x)
