I've been trying every prayer  
I'm a worn out man going down  
I don't know where I'll be tomorrow

I didn't have a clue  
My brain said no so I followed you  
Many paid for that in sorrow

I used to go out, grab a lady  
Drop a lie and tell her maybe  
No one's ever made me feel  
Like a little...

No medic is coming to my aid  
No pill can make me feel ok  
And my luck turned out in bad ways

10 years and now I see  
The solution unfolds in front of me  
Raising white flag, ending the chase

I used to go out, grab a lady  
Drop a lie and tell her maybe  
No one's ever made me feel  
Like a little...

I used to go out, grab a lady  
Drop a lie and tell her maybe  
No one's ever made me feel  
I'm gonna do it 'cause I can  
Too cool to take it like a man  
Like a little...  
Like a little...  
Like a little...
