Going out with my spending-pants on
Done the razor and the shaving foam
It'll be a while 'til I get home,
and my baby is gonna come along

"Don't take her out
She brings everyone down
Leave her at home"
Believe me I've tried!

Well here she comes
With make up made for make out
And there she goes
With make up made for make out

It's alright, nothing can go wrong
We're in the studio where we belong
We're gonna rock it and sing our song
And my baby brought her friends along

"Don't let them in,
and no, no you can't sing
We'll throw them out"
Well get in line!

Well here she comes
With make up made for make out
And there she goes
With make up made for make out
