Well I've been standing for too long  
I ought to move but my direction is wrong  
I've got no authority  
When every notion becomes a priority

And maybe silence speaks as gold  
But over-confidence grabs a hold  
between my head, heart and my soul  
Repeat it all and behold

It's a game I always lose  
And I hope you'll feel as bad as I do

We gotta wait for tomorrow  
We gotta wait for songlines to go out  
The feeling that we're sharing is not love, but boubt  
Sobriety and some sunlight  
Only dawn can set this right  
Take my ability to make descisions tonight

You think you've found what you have lost  
But even easy boys come at a cost  
So show him no regret  
'Cause what you see is not what you get

Picking roses and you've been warned  
But you don't care if you're stung on the thorn  
So you conjure up a smile  
And forget the rules for a while

It's a game I always lose  
And I hope you'll feel as bad as I do

We gotta wait for tomorrow  
We gotta wait for songlines to go out  
The feeling that we're sharing is not love, but boubt  
Sobriety and some sunlight  
Only dawn can set this right  
Take my ability to make descisions tonight

It's a game I always lose

And I hope you'll feel as bad as I do  
But seriously I'm me and you are you

We gotta wait for tomorrow  
We gotta wait for songlines to go out  
The feeling that we're sharing is not love, but boubt  
Sobriety and some sunlight  
Only dawn can set this right  
Take my ability to make descisions tonight
