Money Drugs and Chicks
Money Drugs and Booze
Money Drugs and Cars
Money Drugs and Booze
Money drugs and chicks and cars and booze and
chicks and money
Money drugs and cars and chicks and booze and
chicks and money

Yo I grew up in a time when the music spoke to heart
It wasn't an end in itself but just a place to start
A search to find
A better state of mind
But now the game has changed to appease Machiavelli
It's not about the sound but what you see on the tele
Music is an image you don't even have to listen
Restructure the game, subtract the auditory system
What once ran deep now lies on the edge of the
surface
We've made a lot of money at the cost of deeper
purpose
The flashiness and fashion it can make a good
impression
But if that's all we talk about the message is
compression
Compression of the value, that all of us inherit
Compression of the meaning and I don't think I can
bear it
I hate what it is
I hate what it became
All the songs I hear
Well they all sound the same

Money Drugs and Chicks
Money Drugs and Booze
Money Drugs and Cars
Money Drugs and Booze
Money drugs and chicks and cars and booze and
chicks and money
Money drugs and cars and chicks and booze and
chicks and money

The mayan hands left empty after they came to steal
your heart
In the 21st century the horse comes after the cart
You've made the message a martyr in the name of
your art
Don't make me ask you stop I never asked you to start
Why do we build this up if we're just going to tear this
apart
And when stupidity sells so well, well, why be smart?

I'm important
Cause I write so many checks
I'm important
I drive sports cars get in wrecks
I'm important
Heads to big for my neck
I'm so awesome
Baby you know I'm the best
I'm so awesome
Give me money screw the rest
I'm so awesome that it makes me important
