"What Do I Do"

What do I do stand in a shop
Waiting for that money to drop
Stand all day on a concrete slate
My feet are aching don't get a break

Singin'
What do I do? What am I to do? [x2]

You know I get up early, I come home late
You can crack that whip but I'm miles away
I wonder how long I gotta stay here for
Hell, I'm more than a little bored

Singin'
What do I do? What am I to do? [x2]

Hands in bleach I'm scouring
I've got lovely smelling skin
My favorite chore is sweeping the floor
Glamor to the very core

Singin'
What do I do? What am I to do? [x4]
