[Verse 1]

I drink I cuss I'm crazy I'm rough
Sometimes it's tough to be real when people expect so
much
The truth is I'm stupid for hurting over cupid
I fell in but you didn't that's just what love did (Oh-Oh)
I club I'm wild I get lost in the crowd
Most times I smile even if I feel down
I cry when I'm weak I'm on my two feet
Trying to feel strong I hope I can hold on

[Chorus]

Hope I can, hope I can, hope I can hold on
Hope I can, hope I can, hope I can hold on
Hope I can, hope I can, hope I can hold on
Hope I can, hope I can, hope I can

[Verse 2]

Sometimes at night I wake up in a fright
Stressed out on details surrounding my life
Like I want love, I'm trying to put the past behind and
I want things, I got dreams, I'm praying, still no means
I'm high I'm low I don't know where to go
So I just breath and then go back to sleep
In dreamland I'm famous, hope it happens one day and
Until one day begins I really hope that I can hold on

[Chorus]**[Tag]**

In life you fall sometimes I hope I can hold on
And dreams are far sometimes I hope I can hold on
The sun don't shine sometimes I hope I can hold on
Eyes cry at night sometimes I hope I can hold on
Love even hurts sometimes I hope I can hold on
Though life is hard sometimes I know I can hold on
I can hold on
