[Verse 1]

I'm letting go of the anger and madness
The sorrow and all of the sadness
Gonna leave it all behind.
No looking back.
I cried my last cry.
Today's a New day
No more tears.
I decided it's time to give happiness a try
So I'm putting on a smile.
Knowing it'll be better in a while
What good does crying do anyway
Today's a new day

[Chorus]

I'm gone put on my favorite shoes
I'm gone walk around like a millionaire
No more crying today I'm gonna wear a smile
What good does crying do anyway
Today's a new day

[Verse 2]

It's like I woke up from a nightmare but it was really my
life
(And that just ain't right)
It ain't me to be depressed.
All stressed and hopeless
Feeling like a mess
Today's a new day
I'm awake now and I can clearly see all the good things
I took for granted
That were always right in front of me
Time to shake off that depression
While I'm counting every blessing
I believe I learned my lesson

[Chorus]

[Breakdown]

Well if you ever been low you know you need to
Put your head up, keep your head up

If you've ever been down little sister just keep your
head up
Put your head up, keep your head up
Been hurt in the past by a love that didn't last
Put your head up, keep your head up
Don't cry little brother we're gonna make it if you
Keep your head up - Today's a new day

[Chorus]
