[Verse 1]

So jaded it's complicated  
Thought you were the one but you're not for me  
I'm alone now heading down the road again  
Said we could be friends  
But friendship ain't what I want from you

[Chorus]

Seems like that's the way luv goes, that's the way luv goes  
Will I ever find real love will I find real love  
Seems like that's the way luv goes, that's the way luv goes  
Will I ever find real love

[Verse 2]

Heart's hurting feel so deserted  
Opened up to you and you just shut me down  
For a while I felt like I could be myself with you  
I guess it wasn't enough, I guess I wasn't enough

[Chorus]

Seems like that's the way luv goes, that's the way luv goes  
Will I ever find real love will I find real love  
Seems like that's the way luv goes, that's the way luv goes  
Will I ever find real love

[Spoken:]

Ladies I know you know how it is.  
You keep putting your heart on the line only to get  
Hurt time and time again.  
And it's funny cause we never give up on finding luv even  
Even though we may be a little jaded.  
So here's hoping this time is the right time for real love

[Chorus]

Seems like that's the way luv goes, that's the way luv goes

Will I ever find real love will I find real love  
Seems like that's the way luv goes, that's the way luv  
goes  
Will I ever find real love
