How would you like it if I talked about your skin  
The way you wear your hair (oh girl)  
Would u like if I talked about your butt  
Or once a month  
Turned into someone that was hard to love

How would you like it if I didn't like your nose  
Didn't like your polish you be wearin on your toes  
If I didn't like your neck-a-lace  
Or what u cooked for breakfast  
Would I be wrong  
Would I be wrong

[chorus]  
Why you wanna change me  
Flip all the thangs that really make me  
The way that I am  
Used to make you happy  
Baby why u wanna change me (OH)  
You used to like your big old teddy bear (OH)  
You used to let me get it anywhere  
Now baby  
It's crazy  
Why why  
Why you wanna change me

Now what if all I did was pick apart your friends  
Cause they ain't got no ends  
What if I talked about your face in the morning  
Cause we know that u aint cute in the morning  
What If I criticized the way that u be eating  
And when u sleepin you b doin that heavy breathing  
What if I was at or bout your house creeping  
Would I be wrong  
Would I be wrong

[chorus]  
Why you wanna change me  
Flip all the thangs that really make me  
The way that I am  
Used to make you happy  
Baby why u wanna change me (OH)

You used to like your big old teddy bear (OH)  
You used to let me get it anywhere  
Now baby  
It's crazy  
Why why  
Why you wanna change me

[bridge]

We used to love breakin up knowing we'd be together  
again  
And we used to love the arguments cause we makin  
love by the end girl  
How u gonna change everything and turn (Turn it all  
around)  
Cause I don't wanna go, if it ain't gonna be the same  
If it ain't broke then why you wanna change

[chorus]

Why you wanna change me  
Flip all the thangs that really make me  
The way that I am  
Used to make you happy  
Baby why u wanna change me (OH)  
You used to like your big old teddy bear (OH)  
You used to let me get it anywhere
