It's pandemonium  
In the streets there's a sadness  
An unbridled madness abound  
And the sound is like nothing I've ever heard at all  
before

I try to face the crowd  
They're pushing and shoving,  
They just keep on coming  
And I ask myself,  
How did it ever come to this unfortunate abyss?

We'll never know how long it's all gonna last,  
Centuries have passed  
They're full of pain, what have we gained?  
Fighting for scraps, maybe we could perhaps have

Change, instead of chains,  
No more worry and no more games  
Friends, instead of trends,  
It's all the means to an untimely end

The skies are turning grey  
What happened to the day?  
Oh, I could never say  
That's not my job, but moving on  
If we don't stop and look around sometime,  
Then everyone and each of us is

Gone, all gone, you're reality shows,  
You'll never strike a pose again, you're dead  
Just like I said, fighting for scraps  
We could perhaps have

Change, instead of chains,  
No more worry and no more games  
Friends, instead of trends  
It's all the means to an untimely end

I mean it when I say  
There's still hope for us anyway

And I don't wanna get you down  
But I've been seeing what's going around

It's pandemonium  
In the streets there's a sadness  
An unbridled madness abound  
And the sound is like nothing I've ever heard at all  
before
