they said there's drug dealers selling on my street
those fuckers capped =
me three times in the feet i've got two slugs embedded
in my chest two =
hollow points from the nations best i'm being watched
by the cia they =
call me on the phone when i'm home alone they ask for
the marines but =
they're just a bunch of whores they spend their money
on hotels just so =
that they can tell tell mr. president that i'm jerking off
i'm being =
watched by the cia!!!
