Get high now, free your mind, hands in the air till you
reach the sky
Get higher to a higher ground,
boy you keep my heart spinning round and round

I feel my body flying so high
And my sweetheart singing me a lullaby up to my body
here rising so high
You are the cover girl of my favorite magazine
I won't stop baby till I reach my ,
Get high now, free your mind, hands in the air till you
reach the sky
Get higher to a higher ground,
boy you keep my heart spinning round and round
Get high now, free your mind, hands in the air till you
reach the sky
Get higher to a higher ground,
boy you keep my heart spinning round and round
I get you higher baby, I get you higher baby

,
I offer to you everything that I got

Get high now, free your mind, hands in the air till you
reach the sky
Get higher to a higher ground,
boy you keep my heart spinning round and round
Get high now, free your mind, hands in the air till you
reach the sky
Get higher to a higher ground,
boy you keep my heart spinning round and round.
